

Work Placements at New Theatre and St David's Hall

The two venues offer a Work Placement, which aims to offer insight in to the different areas of potential employment in the Arts and therefore covers a variety of departments. Wherever possible we attempt to incorporate specific areas of interest to the student, into periods of the placement.

During a typical week's work placement, the following areas will be included:

- A day with the Marketing Department learning about arts marketing procedures, including constructing marketing plans.
- A day with the Arts Active team learning about the administration of education procedures and projects and in some cases, observing project work.
- A day with the Box Office staff learning how to use the booking system and how to deal with calls and enquires from the general public.
- A day with the Front of House team assisting with duties such as customer care during performances.
- A day with the Technical Department assisting with the technical element of preparing for performances including lighting and sound.
